## W.C.T.U., Convention.

In our last we gave a list of the delegates. The proceedings opened Tuesday morning at 9:30 by the president, Mrs. Chisholm, of Winnipeg. The favorite hymn, "All Hail the Power of Jesus' Name," was sung, followed by the reading of Scripture. The minutes of executive meetings held during the year were then read and adopted; also the minutes of the executive meeting held in the vestry of the Baptist Church on the morning of the 14th inst.

The matter of providing badges for the convention was discussed, and fifty white ribbon badges, with the inscription "Manitoba W.C.T.U.," were ordered.

A five minutes talk by one delegate from each union represented was next on the programme. Reports were given by Mrs. Playfair, of Ballur; Mrs. Murray, Brandon; Mrs. Teeter, Carberry; Mrs. McClung, Manitou; and Mrs. Macklin, Portage la Prairie. The president reported for McGregor.

Mrs. McLaren reported the appointment of the following committees: On credentials—Mrs. Macklin, Portage la Prairie; Mrs. Annie McDonald, Winnipeg; Mrs. Moxley, Carberry. On courtesies—Mrs. Clement, Brandon; Mrs. Sifton, Brandon; Mrs. J. P. Murray, Brandon.

Mrs. McKenzie reported on the Portage "Ys" that Loyal Legion work had been very successfully carried on.

Miss Robins reported that the Winnipeg "Ys" were trying to get the S. S. work taken up in the different Sabbath schools, having a superintendent appointed in each church.

Mrs. Robinson, of Nings, Mrs. Carswell, of Douglas, and Mrs. Macdonald, Winnipeg, also gave reports of the work in their respective districts.

The president then introduced to the convention Rev. Gideon F. Draper, of Yokohama, who has resided several years in that country.

A Bible reading by Mrs. McClung, of Manitou, was given, preceded by prayer by Rev. Mr. Draper.

## AFTERNOON SESSION.

Twenty-seven responded to the roll call, after which Mrs. McLaren took the chair and read the president's address.

The report of the corresponding secretary was presented with abstract of reports from the following unions: Brandon, Boissevain, Mondak, Argyle, Pilot Mound, Rat, Portage, Portage la Prairie, Deloraine, Keewatin, Manitou, Winnipeg "Ys," Portage la Prairie "Ys," and Brandon "Ys."

Mrs. McClung, of Manitou, read a letter from an old gentleman to the ladies of the W.C.T.U.

Parliamentary drill was concluded by the president, Mrs. Chisholm.

Mrs. McClung read the reply to the address of welcome in place of Mrs. Perry, who was unable to be present.

Tea was provided by the Brandon ladies, to which all the delegates were invited, and at which a very pleasant social time was enjoyed.

A jubilee meeting was held in the Methodist church in the evening. An address of welcome was given by Mrs. J. B. Graham, Brandon, to which Mrs. Perry, of Winnipeg, replied. Musical selections were rendered by Miss Morrison, Mr. Butcher and Mr. Megeet, and an address was given by Mrs. Hoffman, of Illinois. Music was furnished by the Sabbath school choir of the Methodist church. Rev. Mr. Urquhart closed the proceedings of the evening with the benediction.

## City Council Notes.

At a meeting of the City council, last Monday night, there were present Mayor McMillan and Alds. Gibson, Christie, Hanbury, Russell, Merritt, Spencer and Caldwell.

The consideration of the plans for the water works was taken up and several alterations were made.

It was agreed to let the municipality of Cornwallis have the use of the Council Chamber, at the rate of \$50.00 per annum, so long as their meetings do not conflict with those of our own honorable body.

A communication was read, from F. G. A. Henderson, asking for the use of City Hall for holding the Court of Revision.

Request granted. Communications from Surveyor Dickson, F. G. A. Henderson, Mail office and others were filed.

Mr. Copes' tender for brick, for the sewers, at \$10.50 per thousand, was accepted.

The City will pay \$75 to the owner of the horse afflicted with glanders, that was destroyed a short time ago.

A petition from the draymen asking the Council to pass a bylaw setting forth a schedule of prices and also taxing farmers in the sum of \$25.00, was laid over till next meeting.

The residents of 7th street will be requested to remove all obstructions from said street.

Note was taken of a communication from the C. P. R. men, asking the council to set the date for Civic Holiday, on either the 3rd or 10th of August.

In the reading and adopting of the minutes of the last meeting the Mayor remarked that the proceedings were not reported in full by the Brandon News-paper; otherwise did the citizens know of the eloquence displayed, there would be a larger attendance at these meetings. Oh! Oh! Why is it that these newspaper reports are not complete—Tables, chairs, etc.

Ald. Christie knows a thing or two about horses and don't believe in paying more for a diseased horse than the same was sold for in a sound condition 4 years ago.

What's the matter with the \$20,000? Ald. Caldwell gave notice of a by-law regarding the licensing of draymen etc.

Now that the members of the Council have every thing nice and convenient, what's the matter with a table and chairs for the reporters.

Attend the meeting of the Council, ye lovers of oratory and have your hearts filled with gratitude that you are not an Alderman.

## SENSE AND NON-SENSE.

AMY—"Chappie needs to be brought to his senses."

MARY—"On the contrary, I think he needs to have some senses brought to him."

NAN the nurse-maid dach before her. The parsonator shove. And the new policeman's fancy. Lightly turns to thoughts of love.

Rev. Whitetie—"I must go to Europe for a holiday this summer. I need a rest."

Elder—"Quite right, too. So do we."

Mr. Struckhard—"My love for you is like the boundless ocean."

Miss Cornum—"Yes, but it is far fresher."

They counsel me to watch the ant. On the busy bee, but I. Oft think what I'd accomplish with. The persistence of the fly.

Jasper—"Love laughs at locksmiths they say."

Jumpuppe—"Yes. Particularly at those who make wedlocks."

Waiter—"That bald-headed man over there is the sharpest fellow that comes into this cafe."

Smith—"Is that so?"

Waiter—"Yes. He always orders a dish of honey as soon as he comes in."

Smith—"Why?"

Waiter—"To keep the flies from his head."

Why is Canada the most delightful country in the world?

When is a farmer like a lawyer?

Why is a county councillor like the Mogul of India?

Who is the great man now living that most resembles the King of the Cannibal Islands?

"It doesn't seem to me that servants now-a-days have the vim and go they used to have."

"I don't know about the vim, but they certainly have the go."

O'Flannigan—"It's a noight-watchman I hear yez are, Moike."

Mike—"Devil a wan, now. It was too hard for me. I had to lie down standin' and gho sit up wid me eyes open, so I had."

I read a poem in a magazine, I read it over many, many times, And then I wondered if my mind had folded.

Or was there any meaning in the rhymes.

Jasper—"Ponies are ordered by the Scriptures."

Jumpuppe—"Nonsense."

Jasper—"Not at all. The Bible says 'Go to the ant.'"

Political Aphorism—No insult is so great to a political heeler as a bribe that is not big enough.

De Tanque—"I hear that the election campaign is being opened now."

Ole Soque—"Never (hic) heard of that brand before. Must say (hic) I prefer the old reliable extra dry."

Temperance Note—Shallow people should be careful to keep away from liquor. Very little makes them full.

Assistant Editor—"Where are the magazines?"

Editor-in-Chief—"What do you want of them?"

Assistant—"I want to cut some poems for the puzzle department."

Bimms—"I always feel bored when I am in the country."

Simms—"So do I, especially during the mosquito season."

In a little birch canoe. Sat two. Young persons who had ne'er done so before;

They tried to kiss, for 'twas a mash, Swish! Splash!

Then clambered out on Jordan's farther shore.

She—"You would never do for an auctioneer."

He—"I am not ambitious to be one; but what would cause my failure?"

She—"You would never get past 'Going' 'Going'."

### ASSESSMENT.

In their platform the Manitoba Opposition have suggested many reforms they consider advisable in the interests of the country; but there are many more that are highly desirable. The assessment laws of the country are rotten from beginning to end, and compel the poor man to bear the brunt of the battle. The full intention of the spirit of assessment is to compel every man to pay taxes on what money he is worth, neither more nor less; but as the assessment laws stand the poor are but too often compelled to pay them not on what they are worth but on what they owe introducing the worst form of class legislation, the very thing that every sensible Government should endeavor to avoid. As the law stands if one farmer has a farm worth \$4,000 and chattels valued at \$2,000 or \$3,000 all told and owes nothing he is supposed to pay taxes on about four-fifths of this or \$4,000. If his neighbor has similar property, with his farm mortgaged for \$2,000 and his chattels in debt for \$1,000 mortgaged or otherwise, he has a surplus of but \$2,000 over his liabilities, or in other words is worth no more than \$2,000, if the highest color is placed on his prospects, though a bad crop may cause him to lose all in a few weeks, and yet he is taxed for double that amount or \$4,000 the same as his wealthy neighbor, just twice what he is worth. Objectionable, then, as the present assessment laws may be in the country they are really worse in their application in villages and towns. Supposing a merchant owns his own store premises worth \$5,000, mortgaged for \$2,000, and a stock of goods costing laid down \$5,000 on which he owes \$3,000. On this total of nominal assets of \$10,000, in which he has an interest of but \$4,000 at the outside, he is assessed for about \$8,000, or double what he is worth. If his neighbor has the same assets and owes nothing that neighbor is assessed for the same amount \$8,000. The one then pays taxes on what he is worth and no more, and the other pays on just double what he is worth, and he has no redress. The poor merchant is paying interest on any renewal he may ask from his wholesale houses, and if he takes a customer's note to the bank to enable him to make a payment, he pays interest on that also. If the party be a professional man—a lawyer or a doctor for instance—who simply rents a small office and makes from two to five thousand a year in clear profits he is assessed next to nothing at all—a trifle on income only. If this is not the worst form of class legislation, in the face of all the promises of parliamentary representatives and would-be representatives who desire seats in the legislature, then we are at a loss to understand it. There will be no cure for this until our representatives come to their senses, and grapple with the question honestly and fearlessly. Chattels must be assessed but for what they are worth over liabilities, and owners of real estate must be assessed only for what their interest in it may be over encumbrance. It is a question how far the mortgages should be assessed whether for the face of their mortgages or on income on their interest; but in any case these taxes whatever they may be should go into the treasury of the Municipality in which the mortgages are held. The assessments of the country will never be right, and justice will never be done the public till these changes are made. As we said at the outset we should have been pleased had the Opposition taken the matter up in their platform; but it can be considered by them in the House whether alluded to now or otherwise. A community and a country can never prosper, while the tendency of the law is to make a rich man richer and a poor man poorer, as is the case with Manitoba's assessment laws.

### PRESELYTING.

"For ways that are dark, and tricks that are vain, the Greenwayite is peculiar." A man named Joseph Lang, who in the early days of his career, was a Reformer, but who started out as a Conservative on purchasing the Kincairdine, Ont. Review from John McLeay, previous to the first election between Hurdon and Blake in South Bruce in 1867; and who, we are informed was a sessional clerk at Winnipeg, last session, in the pay of the Greenway Government, according to all reports has lately got a new "sit." He is, professedly, at least, an Orangeman, and now his job is going through the province endeavoring to proselyte the change vote in favor of the Orangemen candidates. As a matter of fact Mr. Lang is at liberty to turn his own coat as often as he desires and to take the shilling for work in whatever interest he pleases. We know he has interviewed many Orangemen in the City of Brandon, and that he has gone through North Brandon, with indifferent success. And here we desire to say a word

in the ears of Orangemen. It must be in the memory of every member of the order that whenever they asked the Grit party for their rights in legislation they were always sneered at for their trouble. For instance Oliver Mowat, in Ontario, gave them incorporation, and then advised his Lieutenant Governor to refuse his sanction to the bill, which the latter did, and it fell to the ground. Greenway to-day has just as much love for Orangemen as he has for the dust on the heel of his boot, and the same is true of Sifton, Smart and the whole Greenway outfit. They know the Orange element is a strong one in the country, they hope their school legislation will appeal to their prejudice, hence their anxiety to employ manipulators of the Lang calibre. It is money that Mr. Lang is after, and not particularly the welfare of the Orange brotherhood. If Orangemen are sworn to one thing more than another it is to observe the constitution of the country, and the Opposition in the Manitoba legislature are committed to getting just what the Orangemen desire, one system of schools, but they are bound to get it in a constitutional way. For the sake of carrying the country Greenway says he will have that system if he tramples the constitution, that Orangemen are sworn to uphold, underfoot. The question is will they be a party to assisting Greenway in such an outrage which is a straight violation of their own obligation? We leave it with them to decide.

Mr. Sifton, at Virden the other day said we could never get a petition through the House at Ottawa to ask the Imperial Government to amend the Constitution of Manitoba, that the Manitoba legislature would have power to abolish Separate Schools. Well, doubtless he has a better knowledge of what the Grit party at Ottawa would be willing to do in such a matter than we have, and the matter would rest for the most part in their hands. If they unanimously favored the idea enough Conservatives could be readily got to favor it, to constitute a majority of the House, and press the matter. If they bodily opposed it that would settle the matter. The proposition is however the only one that has law in its favor to abolish Separate Schools, while provincial taxation is resorted to. There is, however, one way the whole difficulty can be got over without reference to the constitutional feature of the question, and what the surprise is is that that way has not been taken. Under the Greenway Act Catholics have been taxed for the support of the so-called National Schools. Against this taxation Mr. Barrett has appealed, and this is the question before the courts. Now if the Government were to cut off aid to municipalities and other disbursements, and pay the entire salaries of the teachers direct—they could say how schools deriving Government payments should be conducted, and in this way they could legally constitute themselves the masters of the situation—no Government monies need go to denominational schools, and no Catholic school say he was taxed for a Protestant school or any school whose teaching was contrary to his convictions.

### THE GREAT NORTHERN.

The following letter, read by Mr. Robert Rogers at his political meetings at Ballin, Pilot Mound and Cartwright, is something of great interest to the people of Manitoba. It speaks for itself.

GREAT NORTHERN RAILWAY,  
President's Office,  
St. Paul, 14th April, 1892.

ROBERT ROGERS, Esq.,  
Clearwater, Minn.

DEAR SIR:—Referring to your communication in regard to extending our lines into Manitoba, it will be in your recollection that this company showed in a most substantial manner four years ago its desire to extend certain of its branches into Manitoba and compete for a share of the trade of that province. We then made an offer to the Government of Mr. Greenway, which I still consider to be fair and reasonable, and had the terms and conditions of that offer been accepted by Mr. Greenway's Government the results to-day would have shown how much more the offer of this company was calculated to save the interests and conveniences of the people of Manitoba than the plan adopted by Mr. Greenway's Government. You are aware that this company has already constructed six lines to, or very close to, the international boundary; one known as the line to St. Vincent, south of Emerson; one to Neche, south of Gretna and Plum Coulee; one to Cavalier, south of Morden and Carman and Portage la Prairie; one to Langdon, running in a northwesterly direction south of Manitow and Pilot Mound; one to St. John south of Killarney and Brandon, and one to Bettendorf, south of Dolomite and the south district, and which could run in a northerly direction to Virden. Any or all of which we would be glad to extend under an arrangement of very reasonable assistance from the Government of Manitoba. I might also add that at a price we have been prepared to buy that line known as the C. P. R. Emerson branch which runs from Emerson to Winnipeg. However, I have to say that our past experience with the Government of Manitoba has not been such as would warrant us in taking definite action in the matter while that Government is in power. Should a change of policy take place in the near

future I will be glad to send out surveyors with a view of ascertaining the most desirable locations alike in the interests of this company and the people along such lines, after which I would be prepared to enter into details as to matter of construction.

Yours truly,  
(Signed) JAS. J. HILL,  
President.

The foregoing letter of President Hill is one that should be well considered by every elector of this province before marking his ballot in the approaching elections. As is stated therein Hill and his associates made an offer to the Greenway Government before the N. P. contract was closed and the government refused it because there was no \$300 a mile for "etc." but they appear willing still to come into the province at several points if only the government will deal with them, but the government refuse to ask even "What is the least you will take?" We might not have competition with the C.P.R., with the Great Northern only, but we would have the roads the country calls for, and in the N. P. branches we have neither the roads nor the competition. As Greenway & Co. refuse to treat with the Great Northern the only thing for the people to do is to return a party to power that will treat with them, and secure the desired roads at a reasonable cost to the treasury.

A rag of a print published at Rapid City, called the Reporter, advises Orangemen to follow their "leader Stewart Mulvey" and support the institutions he has so solemnly sworn to protect, and vote against Mr. Carrs. In the first place the public have no knowledge of what institutions Mr. Mulvey has sworn to protect and maintain. If the reference is to Greenwayism, we have to say it is a rotten branch. In the next place we may say Mulvey is not an Orange leader he has long since been repudiated as such ever since he wrote those memorable letters to traitor J. M. Robinson. Orangemen are for nothing sworn to maintain the constitution, and the Opposition are committed to the abolition of Separate Schools in a constitutional way. Greenway and Co. are committed to their abolition in violation of the constitution if it best suits their purpose. The man, then who votes for Greenway, aids a violation of the constitution. This is the case in a nutshell.

### FOOD FOR THE SICK.

CREAM SOUP.—One pint boiling water, half teaspoon cream; add broken pieces of toasted bread and a little salt.  
CRISP COFFEE.—Toast bread very brown, pour on boiling water, strain and add cream and sugar and nutmeg if desired.  
PATIENTS' EGGS.—Cook in custard kettle half cup parched rice in one pint boiling salted water; when done serve with sugar and cream.  
RASPBERRY RELISH.—To each point of berry juice add one pound of sugar. Let it stand over night; next morning boil ten minutes and bottle for use.  
CHICKEN BROTH.—Take the first and second joints of a chicken, boil in one quart of water till very tender and season with a little salt and pepper.  
BUTTERMILK STEW.—Boil one pint buttermilk, add small lump butter and sweeten to taste. Some add a teaspoon of ginger and honey instead of sugar.  
RAW BEER TEA.—Cut up lemon, fresh meat, soak eight or ten hours in a small quantity of cold water. This is good after severe cases of typhoid fever.

### JOURNALISTIC PLUMS.

At the recent school election held at Brandon, B. Mrs. Mary B. Willard, the mother of Frances E. Willard, cast her first vote at the age of ninety.

There was until a short time ago an ordinance in Flattery Branch, Ga., imposing a fine of \$5 on any person who hollered "snakes" in the streets of the town.

There is a law which, if enforced, compels the delivery of all letters for girls under eighteen and boys under twenty-one years of age to their parents or guardians.

There is a curious superstition in Iowa, Illinois and Missouri, which says that the person who hears the whippersnapper's call in daytime will die before the end of the year.

A recent New York boy has set himself up in the business of exercising fine-bred dogs for rich men whose time is too much taken up with money-making to properly look after their canine property.

### BOOKS AND BOOK MAKERS.

ROBERT LOUIS STEVENSON has become so popular in Samoa that he is talked of as a future king of that place.

NICHOLAS CROUCH, the author of "Kathleen Mavourneen," is eighty-four years old, and has had twenty-two children.

M. STEPHANE JOUSSELYN, who has just published a book called "Yankee Fin de Siecle," praises without stint "her majesty the American woman."

ALEXIS TOLSTOY, a brother of the novelist, Leo Tolstoy, has written a story which is said to be as strong as those of the more famous member of his family. It is called "Prince Serdybrud," and a translation of it has been made by J. Curtin.

## DEADLY.

Another Terrible Cyclone across the Border.

Minneapolis, June 16.—A special to the Journal from Mankato, Minn., says one of the worst disasters that ever visited Southern Minnesota occurred between 3 and 4 o'clock yesterday afternoon. The terrible funnel-shaped tornado again swept abroad over the land and laid waste scores of happy homes and sent forty or fifty souls into eternity. Every report that comes in is worse than the preceding one. The extent of country swept by this awful visitation was greater than ever before in the history of the state, and fortunately indeed it is that no towns or villages lay in its destructive path. Starting near Jackson, on the northern Minnesota road, the funnel-shaped cloud swept eastward and passed just south of Wells. Considerable rain fell during the night and afternoon, and about 5 o'clock the atmosphere became almost suffocating. Curious and dark clouds began to cover the south and many people gazed in wonder at the sight. About 5:30 the wind began to blow up, and off to the west a rapidly moving black cloud was seen rapidly advancing and turning over everything in its course. It passed two miles north of Mankato and it is reported that it struck the district school house, where were teachers and scholars. The building was demolished and

that purpose. Dalgrain was born in Sweden, a bachelor about 32 years old; he could neither read nor write. The neighbors have taken charge of his farm effects and are searching for his friends to claim the property. No reason save despondency can be assigned for the suicide. Shortly after the occurrence of the sad affair comes word to the city that the body of Mrs. Dorsel was found at Two Rivers floating down the Assiniboine. It would appear that Mrs. Dorsel was taken with a severe choking sensation in the throat, of which she was frequently the victim, and in her haste to get some water from the river she stumbled in, and it is supposed was drowned. Had she not been seen walking near the river bank shortly before the time she is supposed to have fallen in, and also had it not been known that she had a severe attack of choking at a neighbor's the day before when only a drink of water saved her life the public would certainly have suspected foul play in view of circumstances which have since come to light. However, sufficient is known to remove any blackness which apparently existed. Mrs. Dorsel was an aged woman over 80 years old, born in England, but came here last fall from Annapolis, Ont. Following upon the heels of the news of Mrs. Dorsel's death came the announcement that Anna Clark, who lives in the same district, had shot herself on Monday last. The deceased, it is learned, had been out shooting, and on her return, was seen by his son crossing the Assiniboine in a boat. A report of the gun was heard by the boy, and the next he saw of his father was that his body was drifting down the stream near the boat. The theory is that while he (Clark) was rowing across the stream the gun went off and emptied its contents into him. Mr. Clark was a highly respected farmer of that district and leaves a large family.

The Post's girl was out of town; In proof he wrote to erect her. He didn't write his usual way. Because he couldn't meet her. Topsy: "Papa, is mamma made of dough?" Papa: "No my child, if she was she would dry up once in a while."

## A QUEBEC CALAMITY.

### A Tornado Causes the Death of Five Children.

Ste. Rose, Que., June 15.—The pretty little village of Ste. Rose, a fashionable summer resort near Montreal, was the scene of a frightful catastrophe yesterday about noon. As the village is out of the way, and telegraph communication was cut off, no news was known of it until today. Shortly after two o'clock the residents of Ste. Rose noticed dark clouds gathering on the horizon but nothing more formidable than a thunderstorm was anticipated. Suddenly there was a low sullen roar and in the twinkling of an eye the light of day was changed into the blackness of night. Many thought the last day had come and with hardly a warning a terrible cyclone struck the village, carrying everything before it. Houses were carried away, huge trees were torn from their roots, animals were literally carried away by the wind and deposited in fields or away; but a more terrible scene, was in store for the unfortunate inhabitants. A couple of miles from the village, was a village school. Here twenty-five children were being instructed by a young teacher, Mrs. Levesque, while the teacher and scholars were interested upon the lesson it suddenly became pitch dark, and in a minute the merciless cyclone struck the small wooden schoolhouse, tearing it to pieces like a match box. The unfortunate inmates were scattered like leaves. Mrs. Levesque received a blow on the head which stunned her, and she was found amongst the debris of the building. She received serious injuries about the head and spine, and her chances of recovery are considered very doubtful. The children were carried in all directions by the wind and deposited in adjoining fields. Out of twenty-five who were dead when found. One died shortly afterwards; twelve are seriously wounded and the remainder more or less injured. The killed are: Alfred Ouellet, aged 7, son of a prominent resident of Ste. Rose; John Jolles, aged 6; and Pauline Dubois, aged 8. The children's bodies were terribly disfigured by the wind. In addition to the killed the following are not expected to live: Ernestine Ouellet, seriously injured; Edward Ouellet, seriously injured; Edward Gascan, serious injuries to head and spine; Amelia Cardex, broken arm and spine badly injured. The force of the tornado was something terrible.

The storm travelled over the valley without doing great deal of damage. It was in the open country where it spent its fury. It destroyed the farm buildings and barns of John Thomas and Alphons Kimpson, and in all probability killed Mrs. Kimpson and her child, aged eight months. The former, when the wreck occurred, had her collar bone broken and the latter its skull crushed. They are not expected to recover. Houses were lifted up bodily in the neighborhood. Other farmers, French Canadians, neighbors of Kimpson suffered similarly, as far as the destruction of buildings is concerned. Alfred Garthstone's creamery and fine barns were destroyed. Trees came down with a crash, the roads were blocked, and darkness set in and general alarm superinduced. It would be impossible to exaggerate the force of the storm. The water was over a new bridge, 227 feet long, in waves and rose twelve feet high.

The scene at the school house after the wreck was full of agony. The news had spread and parents ran to the scene to look for their children. The living were found huddled together in mortal terror; the wounded were groaning and shrieking; the dead were stretched forever silent, and the lamentations of parents mingled with the cries of the maimed and helpless children.

In addition to the loss of life a vast amount of property was destroyed by storm. It is estimated that the loss of property will be \$75,000. The cyclone also played havoc in other villages, as it passed. Ste. Therese a school house in which there were forty children was blown down and two of the children killed and many injured. At Lachute a most terrific thunder storm accompanied by a heavy downfall of hail and rain took place. It was the worst ever known in the vicinity. Hail stones were as large as hen's eggs, and many of them a great deal larger. The crops were considerably damaged. Many fine farms came within the storm centre, which was about a mile wide and the crops have been beaten into the ground. The fruit trees were also badly damaged. In Wilson's paper mill over four hundred and fifty panes of glass were broken out of five hundred, while proportionate damage was done to lights in every building in the vicinity. The storm on the south side of the St. Lawrence was very extensive and the damage it is feared will be very heavy. It is said that two children were killed, and that six barns, and two houses were torn down near Upton. The storm played great havoc at Ste. Charles where a large number of buildings of all kinds and trees were torn down. The storm swept furiously along the south side of the St. Lawrence from Longueuil and Rouville, Contrecoeur and Yarenes where some heavy damage was done.

## SENATOR SANFORD.

### Hopeful of a Large Immigration from Germany to Canada.

The Hon. W. E. Sanford, of Hamilton, is in the city at present. Speaking to a Free Press representative on the subject of immigration in which he takes great interest, the senator expresses great hopes of a considerable influx of agriculturalists from Germany and some of the neighboring states. The German emperor has withdrawn the prohibition of immigration agents that has hitherto been in force and the Dominion Government is preparing to take advantage of it. The proposed movement of Michigan farmers to the Northwest, noticed some weeks ago in the columns of the Free Press, is also assuming a tangible shape and will probably result in a very considerable movement from that state.

## APPALLING.

### Twenty or More People Perish in the Disaster.

Bordeaux, June 14.—An appalling accident occurred to-day just outside the harbor of Blaye, on the river Gironde, 24 miles northwest of this city. Lying off the harbor was the British steamer Petrolia, Capt. Hubback, which had arrived June 12th from Philadelphia. Suddenly there was a flash, a tremendous roar and the vessel was apparently blown to pieces. Huge fragments of the deck and deck house were carried upward. The shock alarmed the town and hundreds rushed to the wharves to discover the cause, it being thought by many that the magazine of one of the forts defending Blaye had been blown up. The river was strewn with wreckage from the Petrolia, and it was readily seen that the disaster was due to an explosion of gas that had formed from the petroleum comprising the charge. Burning oil was floating on the water. This drifted with the tide, and floating against several vessels lying at anchor, nearly set them on fire. Two or three other vessels were ignited by the burning oil, fell on the decks or rigging. The Petrolia was soon burning furiously and the heat was so intense that it was dangerous for small boats to approach the burning vessel. Volumes of stifling black smoke hung over and around the burning steamer. Some of the more venturesome of boatmen hearing cries for help, rowed as close as possible to the Petrolia and succeeded in picking up sixteen of the crew, three of the engineers and the second officer. Some of the rescued men were severely burned. The survivors say there were twenty others on board the vessel when the explosion occurred and another search was made in the vicinity of the burning ship in the hope of saving more lives but not a body was found and it is believed that every one of these twenty men perished. The crews of the other vessels that caught fire did their utmost to quench the flames, but their efforts were fruitless, and some of the crafts were burned to the water's edge. Further information from Blaye shows that a thunder storm was prevailing at the time of the explosion, and that the disaster was caused by lightning striking the vessel.

## SUPREME ORANGE LODGE.

Montreal, Jan 11.—The Grand Orange Lodge of British North America concluded its annual session here this evening. The principal business to-day was the election and installation of officers, among whom were:

M. W. grand master, N. Clark Wallace; M. W. deputy grand master, E. F. Clarke; M. W. deputy grand chaplain, Rev. F. M. Finn, of Chateaufort, Manitoba; M. W. deputy grand lecturer, Joseph Quinn, of Brandon, Manitoba; Thos. Tawell, M.L.A., of Medicine Hat, Alta.; and W.A.T. Taylor, of New Westminster. B. C. I. was decided to hold the next meeting at St. John's, Nfld., the convention concluded by a grand banquet given this evening by the Montreal Orangemen to their visiting brethren. Stirring speeches were made by Grand Master Wallace, Deputy Grand Master Clarke, Sam Hughes, M. P., and others.

## "German Syrup"

### For Coughs & Colds.

John F. Jones, Edmon, Tex., writes: I have used German Syrup for the past six years, for Sore Throat, Cough, Colds, Pains in the Chest and Lungs, and let me say to anyone wanting such a medicine—German Syrup is the best.

B. W. Baldwin, Carnesville, Tenn., writes: I have used your German Syrup in my family, and find it the best medicine I ever tried for coughs and colds. I recommend it to everyone for these troubles.

R. Schmalhausen, Druggist, of Charleston, Ill., writes: After trying scores of prescriptions and preparations I had on my files and shelves, without relief for a very severe cold, which had settled on my lungs, I tried your German Syrup. It gave me immediate relief and a permanent cure.

## PROVINCIAL.

The Manitoba Fish company's fleet started from Selkirk for the fishing stations on the lake on Monday. The outfit consisted of five steamers, fifteen fishing smacks and about 90 men. Mr. Wm. Overton, manager, went out to get the work started. The Wm. Robinson Fish company's fishing fleet also started for the lake on Monday afternoon under command of Capt. Attwood. The outfit consisted of three tugs, a refrigerator barge, seven sailing vessels and about 75 men.

Grain shipments from Morden to date are 625,000 bushels.

The Manitou Agricultural Society have decided to hold their annual exhibition on Thursday and Friday, July 21st and 22nd.

A first-class half mile race track is being built at Carleton, and the races are to be held during the summer.

Mrs. Geo. Jackson, daughter of the late Mrs. Steele, arrived from Pike Mound on Monday last, on a visit to Mrs. Atkin, and left for Brandon on Tuesday. Edith Atkin, second daughter of Colonel Atkin, a company's clerk.

Editors are proverbially poor; their reward will probably be in the next world, if not in this. The following will illustrate. A young man at the risk of his own life saved a beautiful young girl from drowning. His grateful father sent the rescuer of his daughter by the hand, and a voice trembling with emotion said: "None but you I am indebted for everything that makes life dear to me. Which reward will you take, \$50,000 or the hand of my daughter?" "I'll take the daughter," replied the hero, thinking thereby to get both the girl and the money. "You have well chosen," replied the father: "I could not have given you the \$50,000 just yet, as I have not laid up that sum; being only a newspaper editor; but my daughter is yours for life. Take her and be happy."

A case of some interest to farmers came up at the County Court, at Morden, last week. Last year the members of the Farmers Club shipped in and purchased their binding twine in the east, re-selling it through members. Mr. J.A. McCulloch was sued by Mr. Adamson and Wm. Taggart for \$75.35 for binding twine supplied to Joseph McCulloch. It appears that the father gave the order to Mr. Adamson for the twine, but the son Joseph received the goods and used them, but failed to meet his payment for the same, and he has since left the country. The judge decided that the father could not be held responsible, and the case was dismissed.

Virden's agricultural show is to be held on July 14th.

Wm. Ross, of Two Creeks, was committed for trial on Saturday last, by Justice McDougall and Routledge, of Virden, on a charge of larceny of wheat from the farm of J.H. Noble. Mr. Ross held mortgage on wheat under security, which was sold aside by the judge, and while the case was being settled Mr. Ross removed the wheat. Hence the charge.

A constriker may be seen in the street of Carleton Place, Virden, in the shape of a cold head with an abnormally developed skull. Nature produces queer freaks, and this one is a life of both more and cold.

Johnson, Loebe, A.F.A.M., Virden, on Tuesday evening last and the following officers: W.M., Mr. H.H. Goulter; S.W., Wm. W. Pines; J.W., Mr. J.D. McRae; Chairman, Wm. Bro. H.L. Watts; Secy., Mr. J. Fraser; Treasurer, Bro. A.G. McDougall; Tyler, A.B. Buck.

Work on the Deloraine coal mine, railway, commenced last Friday, interest being taken on Mr. Charles Wilson's farm about a mile southwest of the village. The grading is now going steadily forward.

The number of voters on the list in the Electoral Division of Saskatchewan is 1029.

Hannots is to have a gala day on the 1st July, the subscription to the prize list of the sports reaching over \$100.

Rapid City, like other communities, has its share of gossiping women whose chats over the tea table are at times not lacking a little spice of scandalizing their neighbors. In recent times in Old England an ingenious instrument known as a "talking stool" was provided near the fireplace for the correction of notorious offenders of this character. It would hardly do in these days to resort to this species of lynch law, notwithstanding the river runs conveniently hard by; but nevertheless one of the fraternity has been taught a pretty severe lesson this morning. She had spread a rumor and calculated to make the course of true love run anything but smoothly in the case of a courting couple, when the malignant swain promptly communicated with his lawyer, with the result that the mischief-making tattler was served with a demand for an abject apology or \$500 damages. This speedily brought her to book, and it is to be hoped the warning will be salutary in her case and that of others who are apt to let their tongues run too freely.

## OAK LAKE.

Although this place, in common with most other places in the country, has not been blessed with unlimited prosperity and progress yet it is making marked and substantial headway. The crops in the vicinity have not yet been most satisfactory, though they always ranked well in comparison. The surroundings, however, are admirably adapted to mixed farming. The country is more or less rolling, and wood and water are to be found in abundance, two requisites for raising. The town itself is healthy, safe, progressive, new business interests coming into being as requisites for the evidence of its growth lies in the fact, a street cannot be got for rental, and a large flouring mill of the place, owned by the Letham Bros., is the principal industry and a valuable one.

quisition to the place. The general stores are run by T. McNichol, D. Aoust & McMullan, John White, B. Hollingworth & A. Cameron respectively, and are in every respect a credit to the place. E. Dickson, M.P.P., runs the only hardware and tin shop, and Dr. Wright, a practising physician, has the only drug store. A. Stendal, a Swede, is the only merchant tailor, and he is fast coming into the ways of civilization in the west.

A.R. Chisholm and the Minnesota & Ontario Lumber Co., have yards here, and carry stocks to meet all requirements. Mr. Chisholm is besides agent for a loaning company.

The blacksmiths are John Douglas, Spencer, Edmonds and Van. Mr. Babbit is a watchmaker; R. Daniel, T. McLean, W. Ferris and R. J. Grey are carpenters and contractors and are kept busy. They are erecting 12 or 15 new buildings this year. Atkinson and Saunders are joiners. There are two hotels in the place, both first-class, the Leland House, run by J. Flanagan, and the Thompson by P. J. Flanagan. T. W. Reynolds and A. Quattrone have livery, sale and feed stables, are on each side of the track, and both fully up to the requirements of the surroundings. There are two millinery shops run by Miss Nash, the pioneer, and Miss Grey, the new comer from Carleton Place.

The educational wants of the place are looked after by the Rev. Mr. Quinney, (Episcopal) who has a magnificent church building. Father Bernier, Catholic; Hughes, Presbyterian; Rev. Brown, Methodist; Rev. Mr. Cropps, Baptist; Mr. Hogg is the school teacher and has a fine school. Messrs Hood & Hamilton are butchers and cater well to the public, the former is also postmaster. D. M. Millan is a resident vet, Manly and Hockin are limbers of the law and Messrs J. Andrews & Co. are bankers who furnish the news of war to the people. Implementers in variety are handled by D. Aoust & McMullan, Hockin, W. Chambers, George Hall and J. R. Hood.

## OAK RIVER.

Once more we must note the unimproved condition of our town. Since our last list of items was published we note the following buildings have been erected: Mr. McDowell, formerly of Rapid City, a harness shop and dwelling. Mr. Jos. Hanna, dwelling. Mr. Jas. Todd, an addition to his store in the shape of a fancy store-room. We must not forget the handsome structure just furnished, belonging to the Foresters, in the shape of a fine store 24x40 on the first floor. This store which is now occupied by Hess & Cochrane is what we or any one else would call a fine building. It has a good plate-glass front which we may say is the first in town. This store to say the least would be a credit to Brandon City.

On the second floor comes the Foresters' Hall 24x40 and comes second to none on the G.N.W. Ry. The livery business, now under the management of Henry & Vaughan, is fast increasing and with such accommodating managers the general public as well as those who have occasion to use their teams could help remarking how well they can handle the business.

The City Meat Market building is now nearly completed and we may say is a grand business stand.

We have now a good opening here for a first-class shoe-maker and also a tin-smith.

The building lately occupied by Hess & Cochrane is now to let and would be a splendid business stand. Our town's people are taking great interest in the grand celebration to be held in this town on July 1st, Dominion Day, and as it is the first held in this town they are bound to make it a success. The programme on the grounds will consist of all kinds of athletic sports, baseball, foot ball, lacrosse, horse racing, pony races, or race, etc. Dinner and supper on the grounds. A grand ball in the evening, and a procession of Calithumpians will be formed at 9 o'clock on the Market Square and proceed through the principal streets of the town.

The general public will be made welcome and we are sure will go home more than satisfied of their day's sport. We notice both Mr. G. Gray and Mr. R. Hawthorn went south on Sunday evening.

Mr. W. M. Vaughan, of Rapid City, is again a guest at the Oak River House. On Sunday last we were called upon to hear the farewell sermon of the Rev. Mr. Hosie who leaves this week for a visit to Old Country. Mr. Hosie expressed himself very sorry to leave the congregation just at this important time, but hoped to be back to assume his duties as pastor amongst them sometime in August. The choir sang "God be with you till we meet again" which was very appropriate to the occasion and was rendered in such a solemn and emphatic manner as to bring tears to the eyes of several of the congregation.

## PILOT MOUND.

Crops in this locality are looking splendid. The recent warm weather is forcing the growth in great style and an abundant yield is assured at all events.

Now that seeding is over considerable grain is being marketed.

The success of some of our citizens in tree planting during the past three or four years, has encouraged others and a good deal of work has been done in this line this spring. The year promises to be very favorable for newly planted trees. Since the completion of the values' list, there has been a full in the political excitement but it promises soon to break out as severely as ever. It is to be hoped that the election will be held as soon as possible after the lists are revised. It will be better in every way to get the spring over and settle down to business again.

## Completing the Canal System.

It is in contemplation by the Government to embark on a very vigorous policy looking to the completion of the 14 ft chain of navigation from tide-water to Lake Superior by July 1st, 1894. It is felt that the considerable saving in superintendence, wages of a safe and efficient force of construction or enlargement are pushed more rapidly, and the Government's determination to press forward with the work will, doubtless, be hailed with satisfaction by Canadian shippers.

On Saturday last, Stewart Kydd, a ten year old son of Mr. Kydd, this city, was accidentally drowned in the Assiniboine. He and some other boys were standing on a raft in the river at the foot of 10th street, when making a strike at a passing log with a pole, he lost his balance and fell in. The few boys present were unable to render assistance and the poor fellow was carried under the timber and drowned. All Saturday and Sunday hundreds of people were assisting in the search but without avail until Tuesday the body of poor Stewart was found by companions with Messrs. Manchester and Hanna, a short distance from where he fell in. The funeral took place Wednesday.

The Court of Revision on the Brandon City Voters' Lists opened yesterday before Mr. F.G.A. Henderson. The greater portion of the forenoon was spent in arguing the question of witness fees to those 50 Opposition names that were left off the list and for whom declarations were filed, the Opposition drawing the blood. The Opposition kicked off 11 and added 4, while the Government added but one and knocked off one. There is ample evidence the election law is a fraud from beginning to end, and its management is equally censurable the country over.

## STILL LEAD IN PRICES

And will not be undersold. This is why they do a rushing business. If you want tea, call and try our superior 40c at 3 pounds for one dollar. It beats them all for fine flavor. We will give special bargains to those buying from 25 to 50 pound lots, as we have in the past in order to reduce our large stock. We still sell 2 cans of tomatoes, corn, peas, beans, pumpkins or salmon for 25 cents, and canned fruit as low as 20 cents per can. A very superior soda biscuit, 3 lbs for 25c. All kinds of California evaporated fruits on hand, cheap. A fine line of new raisins, currants, figs and prunes away down. Also a lot of beautiful dates at 12 1/2 c, and for soaps, they are cheaper than ever. We keep a full line of flour, all grades, very cheap for cash. All kinds of meal, potatoes, butter and eggs kept on hand. We pay the highest market prices for farmers produce and will not be undersold. We thank you for your large patronage during the winter, and still expect greater things for the future. Come on; we will try and serve you promptly as we have more help now. Don't forget the place--Symington's old stand, 10th St.

# WHAT ARE THE WILD WAVES SAYING?

## ATTACK!

The following appeared June 11th in the Brandon Times:

Cheap stores are all very well when they can do a legitimate trade--but these tuppenny-ha'penny places where hardware, drugs, canned meats, jams, books, jewellery, dry goods and other things are sold for less than it costs other merchants to buy them, do more harm to a community than good. They take away trade from men who help the town by the money they make, they create dissatisfaction among buyers, encourage cheap labor and pocket whatever profit is going themselves. No city nor town is any better for having a "Cheap Store," yet everyone patronizes it to the detriment of thoroughly established businesses.

## OUR REPLY.

As this involves a question of Political Economy which we do not feel competent to decide, we respectfully submit it to the "Public."

### QUESTION:

Whether it is of greater advantage to a town for a few merchants to become wealthy through high prices and a monopoly of the trade, or that the market be open to sharp competition, thereby enabling bread-winners to purchase their supplies at lower prices and lay by some of the money that would otherwise go to swell the merchant's bank accounts.

N.B.--Until this question is decided we shall continue to sell goods at LOW PRICES regardless of what other merchants pay for them.

According to the above we should Shut UpShop and let High Price & Co. do all the business. OF COURSE WE WILL, (in a horn)
